Minutes 21.10.2009

The meeting took place at 12:30pm on the above date. The meeting location was in the computer science atrium.

Present

- Amy (**Chair**)

- Rob (**Minute Taker**)

- Dhruv

- Jue

Apologies

- Chris is unable to attend todays meeting due to training.

Issues discussed

- Amy suggested we work on milestones and presented a template.

- Brainstorming of milestones headers, database, web interface etc...

- Discussion of possibilities for a server. Can we run Django on the school's servers? Would we be able to get an old machine and use that as our server? Or the possibility of funding for 3rd party hosting?

- Amy suggested a Django meeting on Tuesday - Time to be confirmed.

To do

1. Rob to post good websites to learn Django on basecamp.

2. All group members to read up on Django.
